## Πανεπιστήμιο Πολιτών της Ευρώπης CIVIS European Civic University

### Hub Health– Κόμβος Υγείας

Υπατία Δούση-Αναγνωστοπούλου  
Ιορδάνης Μουρούζης  
Ιατρική Σχολή, ΕΚΠΑ

Εκπρόσωποι του ΕΚΠΑ στο Hub Health Council του CIVIS

# HUB Health timeline

- 3/2021 : ξεκίνημα HUB Health
- 4/2021 : εκπροσώπηση πανεπιστημίων στο HUB Health Council, προσδιορισμός θεματικών ενοτήτων από το Πανεπιστήμιο της Sapienza
- 4-6/2021 : κινητοποίηση μελών ΔΕΠ του ΕΚΠΑ για συμμετοχή στις θεματικές οντότητες (ως 5 μέλη/πανεπιστήμιο)
- 6/2021 : προκήρυξη για δημιουργία κοινών δράσεων, deadline 30/9/2021
- 11/2021 : αποδοχή προτάσεων
- 1/2022 : υποβολή τελικών προγραμμάτων εκπαιδευτικών δράσεων, κοινοποίηση στο site του CIVIS

**Θεματικές Hub Health CIVIS**  
**Coordinator : Professor Luciano Saso, SUR**

- **1.Aging and geriatric medicine**
- **2.Anaesthesiology, pain management and critical care medicine**
- **3.Biochemistry and Genetics, medical biotechnologies, diagnostics, gene therapy bioinformatics**
- **4. Diagnostic imaging, biomedical engineering, robotics in medicine, new medical devices and digital Health**
- **5 Mental health, psychology, psychiatry, drug/alcohol addiction**
- **6. Cancer medicine, immunology and immunotherapies**
- **7. Cardiovascular diseases, diabetes and metabolic diseases**
- **8. Chronic Inflammatory and autoimmune diseases**
- **9. Endocrinology, urology and sexual health**
- **10. Gastroenterology, hepatology and microbioresearch**
- **11. Health Economics, healthcare management**
- **12. Immunity, infectious diseases, microbiology, public health and environmental health**
- **13. Medical humanities and innovative pedagogies**
- **14. Neonate and Children Health**
- **15. Neurophysiology, Neuroscience and neurodegenerative diseases**
- **16. Nursing, rehabilitation, disabilities, motor sciences, anatomy and physiology**
- **17. Oral Health**
- **18. Pharmacy, pharmacology, nutrition, nanosciences and nanoformulations**

# Συμμετοχή μελών ΔΕΠ ΕΚΠΑ στις ομάδες εργασίας του Hub Health

- Κάθε Πανεπιστήμιο Facilitator/συντονιστής σε 2 ομάδες εργασίας
- ΕΚΠΑ συντονίζει τις ομάδες εργασίας
  - 8. Chronic Inflammatory and autoimmune diseases: Prof. Athanasios Tzioufas
  - 9. Endocrinology, urology, reproductive and sexual health: Prof. Irene Lambrinoudaki

CIVIS A European Civic University

Co-funded by the Erasmus+ Programme of the European Union

|     |  |
|-----|--|
| 15. | Neurophysiology, Neuroscience and neurodegenerative diseases   |
| 16. | Nursing, physical medicine, rehabilitation, disabilities, motor sciences, <a href="#">anatomy</a> and physiology |
| 17. | Oral health  |
| 18. | Pharmacy, pharmacology, nutrition, nanosciences and nanoformulations   |

## FINANCIAL SUPPORT

The funds allocated by CIVIS to the Health Hub currently are:

€ 230,575 for student and teaching staff Mobility

€ 100,000 for the Staff Costs (justified by time sheets).

### Webinars and workshops

Webinars and workshops are considered important activities for team building and knowledge sharing in the Health Hub but unfortunately, due to the limited financial resources available, **they will not receive Health Hub funds.**

### Summer schools

At the moment we envisage student and staff mobility for the summer schools (in person or hybrid). For each school, the exact costs will depend on the number of students and teaching staff members who will travel in order to participate in the event and on the distance between the home and the host institution. Estimating the cost for each mobility not higher than € 1000 EU as an average, we can foresee 225 physical mobilities which would allow to fund 9 summer schools with up to 20 students (in addition to local students) and 5 teachers (in addition to the local teachers). Please note that CIVIS will not be able to cover the logistical costs of the events. Board and lodging should be covered individually by the participants (who will receive CIVIS travel grants) and an additional co-financing can be requested to the host university.

### Courses, miniprogrammes, multiple and joint degrees

The Staff costs (justified by time sheets) will be covered within the financial resources available.

### Additional financial support

For some of the aforementioned activities, additional funds may be obtained by responding to the calls of other CIVIS bodies (e.g. **short term mobilities, blended intensive programs, etc.**). The Hub Council Coordinator will keep informed the Team Members about these opportunities.

## SUBMISSION

The proposals should be submitted by e-mail to Prof. Luciano Saso, Coordinator of the Health Hub ([luciano.saso@uniroma1.it](mailto:luciano.saso@uniroma1.it)). Following consultation with the Coordination Team (AMU), and Coordinator of WP4, the proposals will be validated by the Health Hub Council and then approved by the CIVIS Steering Committee. **The deadline for this call is 30 September 2021**

### EVALUATION CRITERIA

The main criteria for the evaluation of the proposals will be quality, relevance and impact in relationship to context of the [Health Hub](#). The relevance for CIVIS in general will also be considered (e.g. innovation, interdisciplinarity, links to research, cooperation with African partners for certain disciplines such as infectious diseases and global health).

# Αξιολόγηση-Έγκριση Κοινών Δράσεων

## Σύνολο

- 29 Webinars
- 9 Workshops
- 18 Summer Schools
- 14 Courses and miniprogrammes
- 8 Multiple and joint degrees

## Συμμετοχή ΕΚΠΑ

- Webinars **20/29**
- Workshops **4/9**
- Summer Schools **10/18**
- Courses and miniprogrammes **5/14**
- Multiple and joint degrees **2/8**

# Summer Schools

Apply by 15.03.2022

## Basics & translational approaches in immunotherapy of cancer

20 - 24 JUNE 2022

Discover the challenges of keeping up with the rapid and quite broad technical and translational developments in the field of immunotherapy of cancer

Apply by 15.03.2022

## Inclusive approaches to the medical humanities

25-28 MAY 2022

Participate in the first CIVIS European Summer School on Medical Humanities, a strong beginning towards a quality-for-care centred medicine.

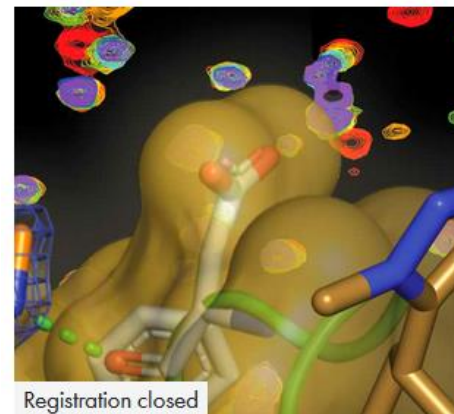

Apply by 15.03.2022

## Microbiota in oral and digestive health

11 - 15 JULY 2022

Deepen and advance the knowledge of the research frontiers and the daily clinical practice in oral and digestive health with emphasis on the role of microbiota

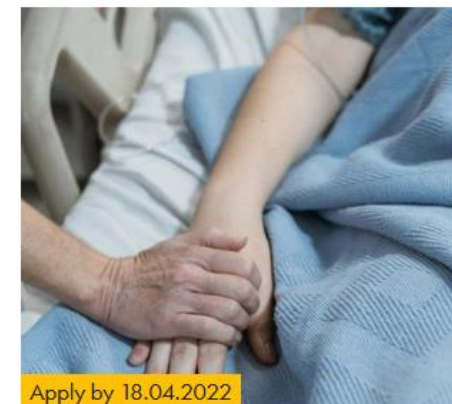

Registration closed

## Drug design and discovery

MARCH - JUNE 2022 & 4 - 8 JULY 2022

Explore the various processes of design discovery and development of new drugs, with emphasis on the methodologies of rational design of low molecular weight bioactive molecules

Apply by 18.04.2022

## Advanced nursing science research meeting

19-20 APRIL 2022

Share and discuss your research experiences while promoting a global international collaborative learning opportunity.
