Public vote winners of New European Bauhaus Prizes 2022

Discussion

What are your insights and impressions from the NEB Festival in Brussels?

What are your impressions from national side events ?

How can the NEB Prize winners be best supported?

[Survey](#) for Festival Contributors (Fest, Fair Side Events)

"We will reconstruct Ukraine. It is not only in our interest, but it is our moral duty. When we do it, let's do it in the right way. Let's do it in the spirit of the New European Bauhaus."

Ursula Von der Leyen,
President of the European Commission

Standing with Ukraine

Short-term: mobilisation of support for refugees

Long-term: reflection about post-war reconstruction

emergency shelter

Call for action 2:
support for reconstruction

Emergency Shelter - call for proposals

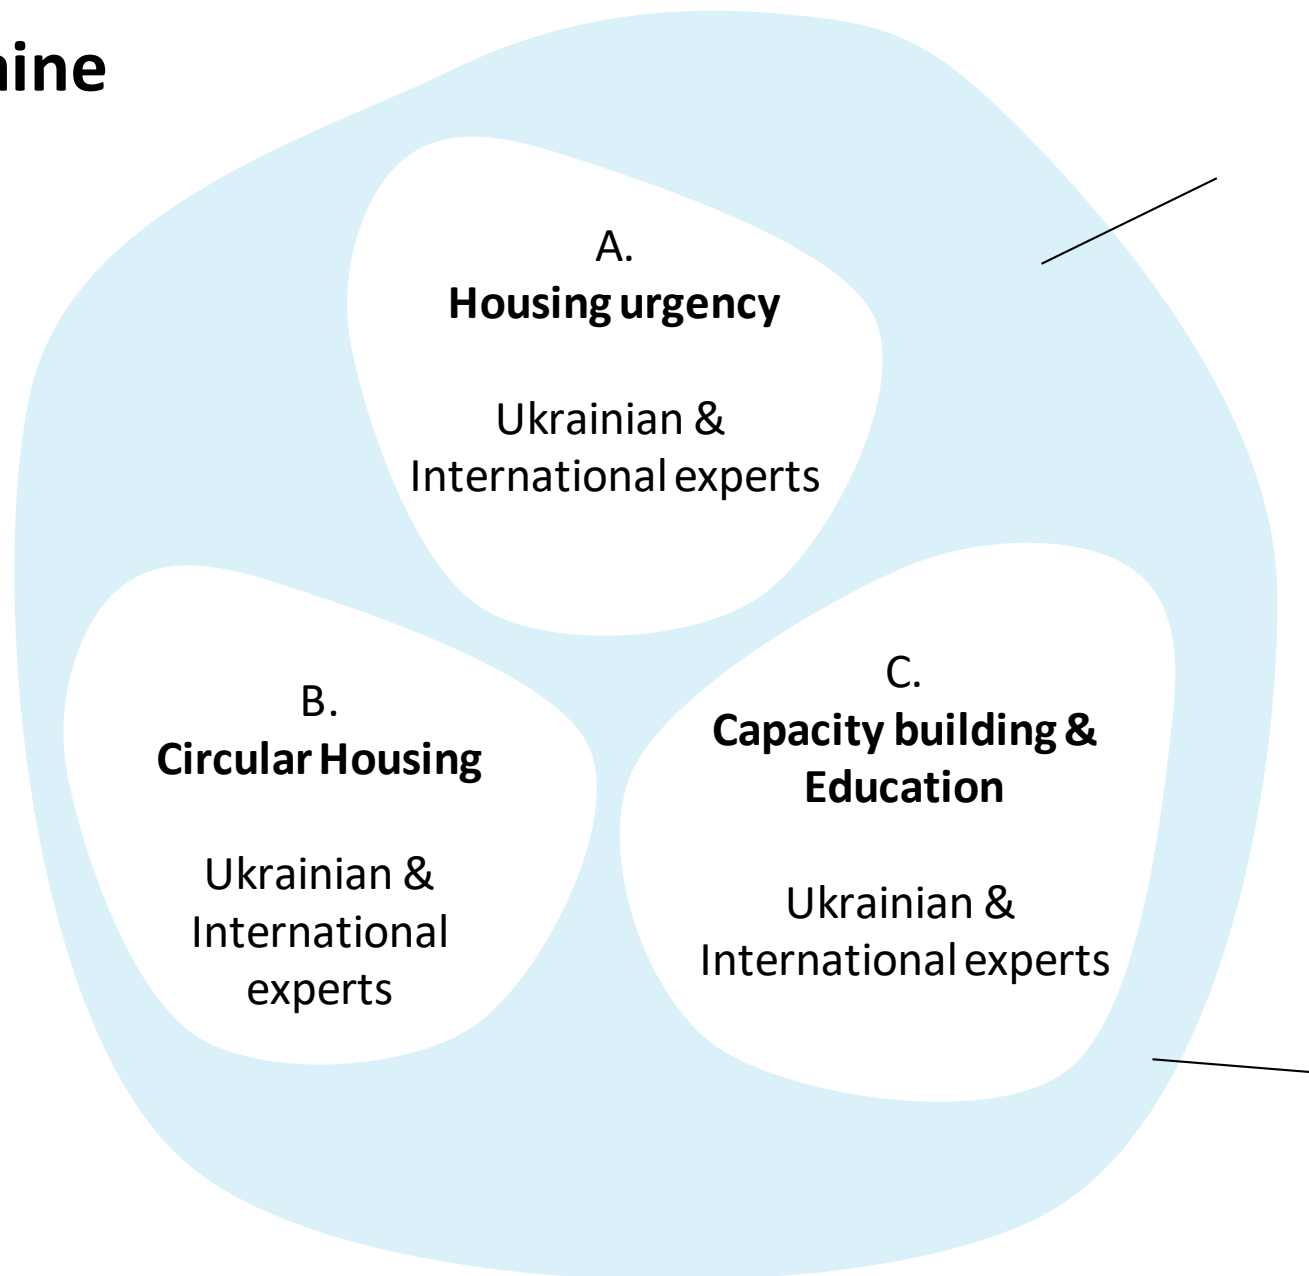

DG ECHO has launched a call for proposals addressed to MS authorities dealing with emergencies and civil protection to prepare a **strategic shelter reserve**. The deadline to submit proposals is **7 September**

Colleagues are hoping that MS will present ambitious proposals including high quality shelter solutions

More info: reach out to relevant counterparts in Civil Protection service in your own country to see if you can collaborate with their expertise

Working session on NEB and the situation in Ukraine

- 12 July 2022 between 14h and 16h CEST
- **Present** and **Discuss** the ongoing development of a NEB contribution to the efforts of the EU to respond to the war in Ukraine and to prepare for the re-building of the country
- **Learn** from NEB Community

[Calendar invitation](#)

NCP Meeting during NEB Festival

Developments at national level

Establishing and growing network of national partners

- Organising and attending events and conferences
- Preparation of side events of NEB Festival

Communication

- Sharing information about NEB calls, funding and activities
- Showcasing NEB projects

Policy and governance

- Dialogues across Ministries and between EU/national level
- Supporting Municipalities
- Connecting partners, Lighthouse demonstrators to Ministries

NCP Meeting during NEB Festival

Challenges

- Imbalances of sectors in network of Partners
- Expectations of partners (funding)
- Political support and convincing other Ministries
- Diverse communication strategies needed for different target audiences
- Capacities of NCPs

Emerging impacts and developments at national level

- High interest by German Parliament, Meeting between German Lighthouse demonstrator winners and candidates to find support
- Preparations for conferences of Czech Presidency 2022 and Belgian Presidency 2024
- 6 Swedish NEB pilot cities in Northern Sweden and competition organised together with the council of sustainable cities (Vision of the North)
- Plans of Maxxi Museum in Rome to renovate in line with NEB values
- Croatian NEB council brings together relevant ministries and national partners
- Polish network of local authorities to spread information about NEB
- Inter-ministerial Forum in Malta
- Finland involved in NEB Lab Project Nordic Carbon Neutral Cities
- Swedish and Dutch NCP involved in creation of European State Architect Network
- New Spanish Law of Architecture

How would you like to share interesting national NEB news with each other?

- ☐ Upload on discussion Forum on NCP Community site
- ☐ Send updates to NEB Team to be shared to everyone
- ☐ Share updates during NCP meetings (orally)
- ☐ Share via email to each other
- ☐ Other options?

#NEB

NEB Lab – Labelling Strategy

Call for experts

- collect and analyse the existing standards and codes of practice which are relevant to the three dimensions of the NEB
- develop an assessment framework
- assist in the first mapping of available standards and codes of practice

Information](#)

Blueprints for financing energy efficiency in housing and sustainable living spaces

The Commission and the European Investment Bank (EIB) launched two new model financial instruments combining grants and loans in support of the objectives of the **REPowerEU** and **New European Bauhaus initiatives**.

- [Model for projects associated with the New European Bauhaus](#)
- [Model for energy efficiency investments under REPower EU](#)

These models give authorities and financial intermediaries options on how to combine EU grants together with loans on favourable terms, to finance investments in support of energy efficiency and New European Bauhaus territorial development investments.

The financial instruments were developed jointly under [fi-compass](#) - a platform for advisory services on financial instruments provided by the Commission in partnership with the EIB.
